

## UHC6PT-22MCD - UNIVERSAL HOLDING CABINET

### MENU EXPANSION:

Expand your menu with Prince Castle's new HD UHC. With Prince Castle's UHC6PT-22MCD you will be able to increase capacity (within the same footprint of the previous generation UHC), fit the same trays you already use and hold fried and grilled products.

Customize your menu with a pre-programmed product library - or add your own new products. The HD UHC includes an alphanumeric display on the menu bar for ease of use. You can expand your menu and offer more products with the 6 shelf design.

The SNAP™ design makes the HD UHC restaurant serviceable so you can save time and money on maintenance and increase uptime. All programming is done using the buttons and displays on the unit. The restaurant has the option of programming via a USB port.

UHC6PT-22MCD

### STANDARD FEATURES:

- Increase capacity within the same footprint - compared to the standard UHC (6 shelves holding up to 18 1/3 size pans).
- SNAP™ crew serviceable parts (reducing service calls).
- Snap in/snap out modular component design.
- Programming performed on unit (no palm pilot required).
- USB Port (easy software uploading capabilities).
- Open front and back for easy access.
- Holds fried and grilled products.
- Alphanumeric display on menu bar.
- Easy to customize your menu with pre-programmed products.
- Expand HD UHC menu and offer more products.
- Domestic and international models available.
- 3 year limited parts and labor warranty.

Trays not included.
